RE: CEASE AND DESIST

Mr. Lepp,

I am General Counsel at PDI National Salvage Inc.. Your emails to Mr. Priestly of our office commencing October 19, 2020 have been forwarded to me for response.

While your emails begin as an attempt to sell your services to fix an issue that you believe to have discovered with our Google Maps listing, your email of 11:43 am on October 21, 2020 is concerning. In this email, you suggest that you are going to "steal" our Google Maps listing in order to prove your point. We interpret this to be a form of extortion, and cannot do business with you under any circumstances.

PLEASE BE ADVISED that we require you to **IMMEDIATELY RESTORE** our Google Maps listing to the state that you found it in, **AND IMMEDIATELY CEASE AND DESIST** all contact with employees of PDI National Salvage Inc., and all of the companies under the Priestly umbrella. If you do not comply, police will be contacted, and we will bring an immediate application to the Court for an injunction prohibiting such behaviour. Should the injunction be necessary, PDI will be seeking its legal costs from you on a full indemnity basis.

Govern yourself accordingly.

Yours truly,
PRIESTLY DEMOLITION INC.
