"I'm excited about this investment into the community's future," says Aurora Mayor Tom Mrakas. "By taking the Sports Dome into Town ownership, we will be able to expand access and increase affordability for citizens and sports groups – delivering great value and excellent service at no additional cost to taxpayers."

The purchase of the Dome was funded through long-term debt, and operating and future capital costs will be covered by rental rates.

In addition to assuming ownership of the Dome, the Town has also assumed booking operations for the facility. Groups wishing to submit a booking request can email bookings@aurora.ca
