Subject: HARASSING/INDECENT COMM  
Author: 2379 KILLMAN, WESLEY  
Related date/time: Wednesday, 2017-Nov-29 21:45

On Wednesday November 29th, 2017 at 20:34 hrs the complainant, Helen CLARKE contacted York Regional Police to report that she was being harassed by Bob LEPP related to the "Canine Commons" dog park on Industrial Parkway North, Aurora.

At 20:53 hrs PC KILLMAN arrived on scene and met with Helen to gather the information required for this report. Helen stated that she is a volunteer at the dog park and responsible for cleaning and reporting issues to the town. Bob is an avid dog walker who according to Helen, may suffer from Aspergers Syndrome as he gets fixated on regulations and has difficulty in social interaction. Over the past two years Helen has been cc'd on dozens of emails from Bob to the town complaining about the dog park and at times the way Helen does her job. Helen stated that she avoids Bob when he comes to the dog park and generally leaves without any form of communication.

[REDACTED]

PC KILLMAN advised Helen that none of her interactions with Bob constitute criminal behaviour on Bob's part. Helen stated that she would block Bob from contacting her via email [REDACTED]

November 29, 2017, Helen had been reported for constantly blocking traffic and entry with her van daily. Bob took 2 photos of her van only, no people. She retaliated by calling police to arrest Bob for harassing her in emails from December 2016 to date. She has again been scared by Al Downey that they may close her park. He did this every year when she asked for some money to repair the fences. He threatened to close it, she stopped asking for money, Nothing got fixed. She quit 2011. They gave her a contract in 2013 for 2 years, she signed up on 2015 for 5 more years. Police ruled NONE of these emails were threatening her about anything.

Dear Bob, there are plenty of signs. People are aware of the rules. They choose not read them or to follow them. Not my problem. I will work with the town to see if some kind of first aid kit is in order. And what they do in other Parks around town. If you have an issue with a town please follow the proper procedures in filling your complaints/ comments. Please remove me from your contact list and never text or contact me again. Stop following me and taking pictures of me. is just down right creepy and disturbing. Have a nice day. Helen. Sent from my iPhone

If you believe this why don't you arrange to meet with them to discuss. Continuing to write emails and posts won't help the cause. Diplomacy is the way to go now. Everything is public record now. There is nothing left to be gained by sending further emails. Sent from my iPhone

No idea where. It has been protected this whole time. You should have agreed to the meeting with Al Downey. There is a lot I learned about the land and parking lot. Sent from my iPhone

← Re: Gates got sand today  
I don't think that is the case. There is a long history with this park. It is possible we may end up at a new location. It is one of the options up for discussion. Our current space is protected land. The dogs may get the boot. Sent from my iPhone

Hi Bob, I will always tell the truth. Not to worry about that Merry Christmas and Happy New Year. Thank you for the gift card. Helen. Sent from my iPhone

December 7, 2016, Helen had been offered bribes by Parks Senior Manager Jim Tree and by Councillor Tom Mrakas. They wanted her to write a disparaging letter about Bob they could use to discredit his posts. In return, they promised that Helen would “get wood chips the next day” Dec. 8, 2016. She had been asking for years. Park had ALREADY planned the Dec. 8 maintenance and were just trying to fool Helen into disparaging Bob. So “inside information” of the plans was used by both men to bribe her. This is illegal.

Bob has Helen's texts announcing the bribe from Jim and he personally overheard the Mrakas call. The December 8, 2016, maintenance was the **FIRST since 2004** when the park opened and the **first for Helen since 2007** when she first volunteered.

Bob Lepp had managed to embarrass them into that in just 12 weeks of emails.

 I am not sure. I have been looking after it for about 10 years. I think it was open a couple of years before that. Sent from my iPhone

 Hi Bob, Tom, We have had the same list for many years. So, in my opinion we have met the August 31st deadline for several years. We need a new fence, more lighting, woodchips on a regular basis. There are several other items on our wish list. Jim Tree had the list as well as associated cost. We have never received any form of recognition. Helen. Sent from my iPhone

 Also, I am available most days after 3pm. I leave for my cruise on the 9th. So, any meeting would have to be before then. Sent from my iPhone

 Saw the towns response. I am not surprised. It will end the same way as always. We can't spend any money, or put up signs for donors but they won't do anything to make the park nicer either. They won't spend any money. Very frustrating. Sent from my iPhone

 Hi Bob, thank you for everything. I am confused as to the design of the new gate. I just want to make sure we still have an airlock system with the separate in and out entrance/exit you are proposing. Sent from my iPhone
